Mouse

How to reconnect Bluetooth?

Then long press the "Mode Switching Button" so that the blue light blinks, and then connect to it in the Bluetooth settings!

GENERAL

All MEETION brand products comply with US FCC standards (FCC ID: 2A706), EU CE standards/CAUK standards, Bluetooth BQB certification.

The product is made in accordance with RoHS standard.

PRECAUTIONS

1.Do not dismantle,strike,crush,or put it into a fire.

2.Stop using it immediately if severe swelling occurs.

3.Do not place it in a high-temperature environment.

4.Do not use this device near water.

5.Only use a dry cloth to clean this product.

6.Please follow the manufacturer's instructions for use.

7.If the device is damaged,for example,if liquid enters it,if it gets wet in the rain or becomes damp,or if it cannot operate normally,it must be repaired.For repair matters,it should be entrusted to qualified maintenance personnel.

Troubleshooting:

What should I do if my keyboard keys are delayed or lagging, and typing is not smooth?

1.Try switching to another connection channel (e.g., from Bluetooth 1 to Bluetooth 2 or receiver connection).

2.Check the distance between the keyboard and the device, keeping it within 10 meters and free of thick obstacles such as walls.

How to deal with keyboard/mouse cannot connect to your device?

1.Replace batteries with new ones.

2.Verify correct mode for keyboard/mouse.

3.For USB dongle connection: unplug/replug; try another USB port if needed.

4.For Bluetooth connection: delete device from Bluetooth list, restart device, and re-pair per manual.

Can i connect and switch between multiple devices with the keyboard and mouse combo?

Our combo supports 3-device connectivity via:

1x 2.4G receiver (for 1 device)

2x Bluetooth channels (for 2 additional devices)

This lets you connect 3 devices simultaneously—no need for multiple peripherals, keeping your workspace tidy.
