Usage instruction

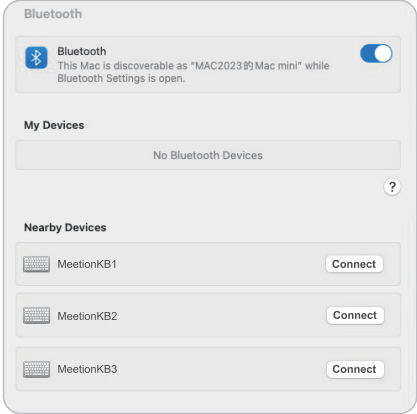

Bluetooth instructions

1. Switch to the "ON" position on the up to turn on the device.

2. Press the *1/*2/*3 key to switch to Bluetooth mode; the corresponding Bluetooth 1 / Bluetooth 2 / Bluetooth 3 indicator light will turn blue and begin to blink.

3. Find the device named "MeetionKB1" / "MeetionKB2" / "MeetionKB3" in your computer's Bluetooth settings and connect it, get ready!

Keyboard

How to reconnect Bluetooth?

If you want to reconnect your Bluetooth keyboard, please click *1 / *2 / *3 button to switch to "Bluetooth 1"/"Bluetooth 2"/"Bluetooth 3" mode, and then long press *1 / *2/*3 button again to make the blue light blinking, and then you can connect it in the Bluetooth settings!

GENERAL

All MEETION brand products comply with US FCC standards (FCC ID: 2A7O6), EU CE standards/CAUK standards, Bluetooth BQB certification. The product is made in accordance with RoHS standard.

PRECAUTIONS

- 1.This product contains a rechargeable lithium battery.
(1)Do not dismantle,strike,crush,or put it into a fire.
(2)Stop using it immediately if severe swelling occurs.
(3)Do not place it in a high-temperature environment.
- 2.Do not use this device near water.
- 3.Only use a dry cloth to clean this product.
- 4.Please follow the manufacturer's instructions for use.
- 5.If the device is damaged,for example,if liquid enters it,if it gets wet in the rain or becomes damp,or if it cannot operate normally,it must be repaired.For repair matters,it should be entrusted to qualified maintenance personnel.

KIND TIPS

If the product is not in use for a long time,it is recommended to charge it every three months to activate the lithium battery inside the product and prevent battery failure due to long periods of non-use.

Troubleshooting:

What can I do if MEETION keyboard Fail to connect?

Only supports Bluetooth connection (no 2.4G connection).

1. On your device, forget/delete the keyboard's previous Bluetooth pairing.
2. Press and hold the Bluetooth button for 5s to reset.
3. On your device, search for the keyboard, and reconnect.

Why isn't my emoji key working? Do the hinges lock in place?

1. The emoji key function supports Windows, MacBook (macOS), iPad (iPadOS), and Android Samsung devices, but does not support iPhone (iOS).
2. The hinge can be locked to keep the keyboard flat, allowing it to be used on your knees.

How do I use the F function keys on this keyboard?

1. Press 「Fn + F key」 for temporary switch.
2. Press 「Fn + ESC」 to enable FN lock (F1-F12 work as standard keys directly afterward).
