GENERAL

All MEETION brand products comply with US FCC standards (FCC ID: 2A706), EU CE standards/CAUK standards, Bluetooth BQB certification. The product is made in accordance with RoHS standard.

PRECAUTIONS

1. This product contains a rechargeable lithium battery.
 - (1) Do not dismantle, strike, crush, or put it into a fire.
 - (2) Stop using it immediately if severe swelling occurs.
 - (3) Do not place it in a high-temperature environment.
2. Do not use this device near water.
3. Only use a dry cloth to clean this product.
4. Please follow the manufacturer's instructions for use.
5. If the device is damaged, for example, if liquid enters it, if it gets wet in the rain or becomes damp, or if it cannot operate normally, it must be repaired. For repair matters, it should be entrusted to qualified maintenance personnel.

KIND TIPS

If the product is not in use for a long time, it is recommended to charge it every three months to activate the lithium battery inside the product and prevent battery failure due to long periods of non-use.

Troubleshooting:

Why does the battery drain so quickly? Is this keyboard and mouse compatible with Mac and Windows?
To extend battery life, avoid using while charging and unplug when full charged. Use a 5V 1A charger or your computer's USB port to charge the product. Overcharging or wrong chargers can harm performance. Compatible with Windows and Mac.

How to deal with disconnection issues, keys repeating or typing delay?

1. Replace batteries promptly.
2. Restart device, unplug/reinsert receiver; try different USB-A/Type-C ports if needed.
3. Delete Bluetooth connection, re-pair device.
4. If issue persists, test on another device & contact via order for help.

How to deal with keyboard/mouse cannot connect to your device?

Replace batteries with new ones.
Verify correct mode for keyboard/mouse.
For USB dongle connection: unplug/replug; try another USB port if needed.
For Bluetooth connection: delete device from Bluetooth list, restart device, and re-pair per manual.
