Power Switch (ON/OFF)

This up-and-down toggle switch turns the unit on or off.

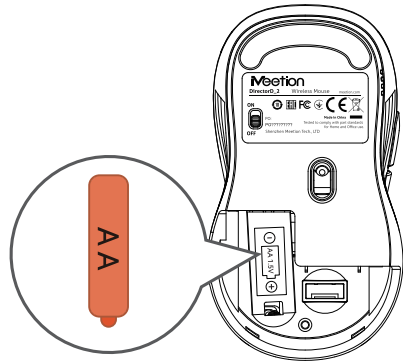

Battery Compartment

This is the installation position for dry batteries. Please ensure you distinguish between the positive and negative directions.

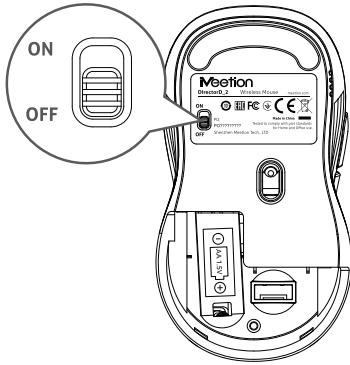

Mouse receiver storage compartment

We recommend storing the USB receiver in this location when not in use.

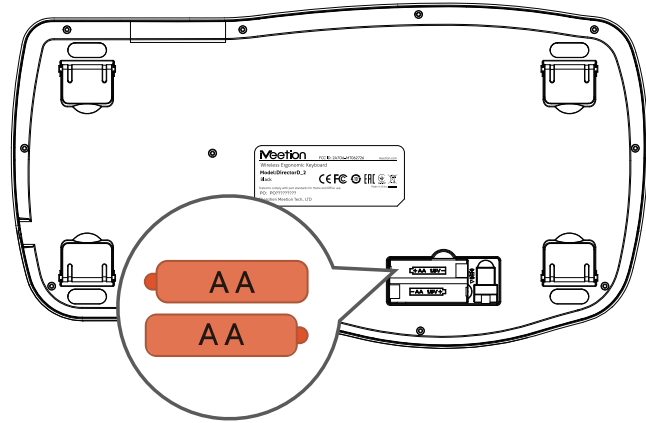

Usage instruction

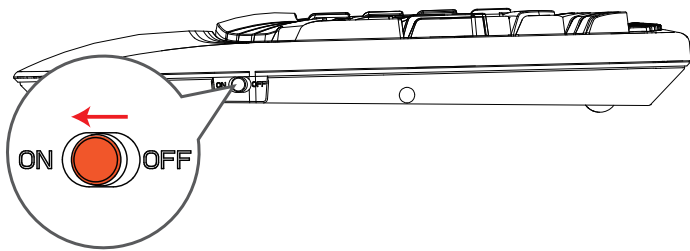

1. Insert the battery into the mouse's battery compartment.

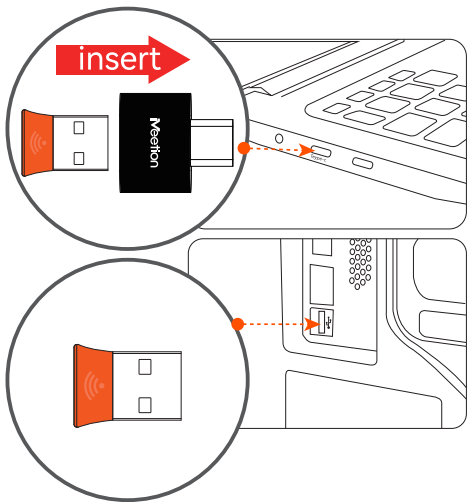

2. Switch the mouse power to the ON position.

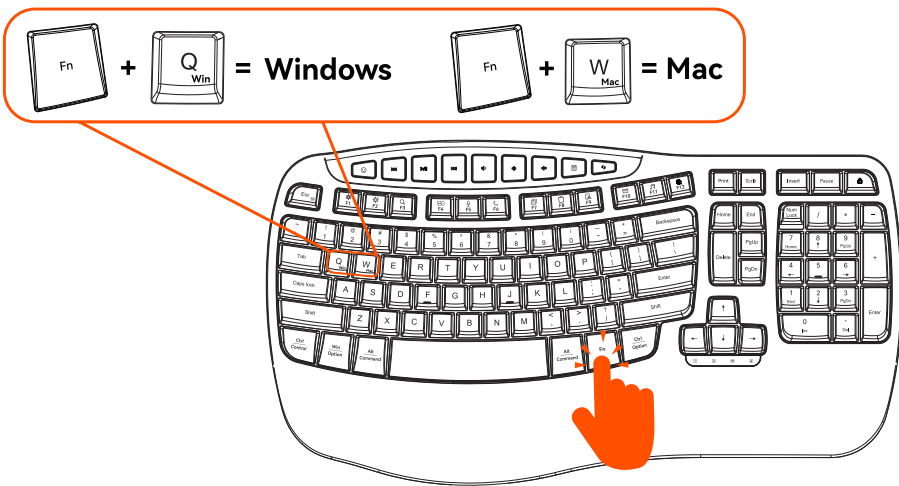

3. Install the batteries into the keyboard battery compartments.

4. Turn the keyboard power switch to the ON position.

5. Insert the USB receiver into the USB port of the computer.

6. Press FN+Q to switch to the Windows system, press FN+W to switch to the Mac system; all indicators will blink three times when the switch is successful.

GENERAL
All MEETION brand products comply with US FCC standards (FCC ID: 2A706-MT062726), EU CE standards, and CAUK standards. The product is manufactured in accordance with RoHS standards.

PRECAUTIONS
1. Do not dismantle, strike, crush, or expose it to fire.
2. Stop using it immediately if severe swelling occurs.
3. Do not place it in a high-temperature environment.
4. Do not use this device near water.
5. Only use a dry cloth to clean this product.
6. Please follow the manufacturer's instructions for use.
7. If the device is damaged (e.g., if liquid enters it, if it gets wet in the rain, or if it becomes damp), or if it does not operate normally, it must be repaired. Repairs should be entrusted to qualified maintenance personnel.
